Texas Rising Star (TRS) provider certification is a process for improving the quality of child care services provided in Texas.

A TRS Provider is a child care provider who has an agreement with Child Care Assistance (CCA) to serve Texas Workforce Commission (TWC) subsidized children, and who voluntarily meets requirements that exceed the State's Minimum Licensing Standards for child care facilities.

The TRS Provider certification system provides graduated levels of certification as providers meet progressively higher certification requirements.

This report indicates how many *stars* a provider has been designated.
